In the case of the United States against Spencer H. Rorbaugh, charged with an insurance violation, and on which a verdict for the defendant will be entered, the question will be submitted to Judge Cadwalader whether the defendant is entitled to costs according to law? The court reserved its decision.

Captain W. B. Donaldson, of the steamer Great Republic, charged with the murder of Henry Anderson, had a final hearing before the Police Justice of St. Louis, on Tuesday, which resulted in his committal for trial. Special Dispatch to the Commercial.

New York, July 3, 1868.

Notwithstanding Gov. Seymour's positive speech of declension postponed, there are still many of New Yorkers who think that he can be prevailed upon. To a couple of gentlemen who, this morning, pressed upon him the opportune wisdom, if the other States "could head upon his nomination, he would still be, bound to refuse, he replied that that question presented a different state of affairs from what he had in contemplation when he made his speech yesterday.

The Chase movement makes no show around the house, but among the people of New York it remains strong. Most of the Western delegates are still at sea a thing not to be mentioned among the prominent ones, though they all admit they would go for him if nominated. A Congressman behind expresses the general feeling of the Western Democracy: "God d——n it, he has always earned his points and d——n him I'm afraid that some how he will get us in such a fix as to force us to help him through now. It's the current blame and luck of the man, I'm afraid of."

Sam Cox professes to have buried the hatchet with Pendleton, but Western Democrats do not believe him and say that as an individual way he is at work for Chase.

General Schenck, who has been in town for a day or two, taking a rest after his work on the tax bill, promised much amusement at the Fifth Avenue Hotel this morning among the Western Democrats by exposing himself a candidate for the Democratic nomination against Chase. John Morrissey at once pledged himself to go for him whatever the question should be narrowed down to Chase or Schenck. Morrissey is making bets largely this morning on the result. Five hundred dollars that Pendleton will beat the field, five hundred that Seymour will not be the nominee five hundred that Seymour will be; five hundred that Johnson will have more votes than Seymour and so on.

THIRD DESPATCH.

New York, July 3, 1868.

The sensational stereotyped telegraphed Wednesday night that a letter had been received here from Chief Justice Chase saying that he did not wish his name used unless there was a fair chance for him, but that at any rate he desired the Convention to understand that whatever the nominee would be, he (Chase) meant to support him, is believed to be wholly without foundation. Several people profess to have seen a copy of such a letter in the hands of irresponsible parties, but none are able to tell where the original is, and nobody can be found who has seen it. At the Chase headquarters here, opposite Tammany Hall, the statement is flatly contradicted.

"Miles O'Reilly" Halpine has created quite a stir among the peace Democrats, and in fact among all, by declaring that in case an army war Democrat is nominated he will withdraw with a large number who think as he does. In pursuance of this announcement it is positively asserted that he is actively at work getting pledges from individual delegates to act in concert and in case of the nomination of Pendleton or any equally pronounced peace man to raise their protest and openly announce their intention to support Grant and withdraw in a body.

FOURTH DESPATCH.

Special Dispatch to the Commercial.

New York, July 3, 1868—12 M.

About two-thirds of the delegates to the Democratic Convention are in town to-night. The Pendleton escort, from Cincinnati came in about 2 P. M. None of the organizations have met them, but most of the Ohio Pendletonians already here went to the wharf and marched up to the quarters with them.

The meetings of the Ohio, Missouri, and Kansas men for final organization will occur to-morrow. The Indiana men organized by electing Graham N. Fitch, Chairman, and Mr. Whitelaw, Secretary.

A meeting of the Pennsylvania delegation met in Philadelphia to-day and elected Hon. George W. Woodward Chairman and Hon. D. W. Bore, Secretary. They meet in this city to-morrow.

The most important meeting of State delegations to-day was that of the New York, at the St. Nicholas. There was a considerable pressure brought to bear to induce a full expression regarding the various candidates, and so much was said concerning Governor Seymour that he was at last compelled to speak. He declared he never sought his name had been used by any one of his friends in connection with the nomination. What he had written and spoken many weeks since from a sense of duty, he must now repeat from a sense of honor. It was the intention, he himself, to be unselfish and, and to friends who had asked his opinion it was that he was not a candidate for the office of President of the United States. It was the highest office in the land, and a place for which his merits, and beyond his aspirations. The importance to men could over-estimate, but he did not seek it. He was not a candidate for it, and when his friends had ground his name he felt called upon to decline its use after what had occurred elsewhere upon this subject, to allow his name to be presented in a delegation of which he was a part, though by friends too partial to him, but whose kindness he appreciated, did not seem to him to be right. Private honor now, as well as former institutions, compelled him to say that his name must not be pressed by his friends.

Considerable dissatisfaction was manifested by prominent men in the delegation at the position assumed by Gov. Seymour, but he made no reply to several who tried to get him to say that contingencies might arise when he would allow his name to be used. It was then argued that New York was rapidly losing her opportunity to unite herself fair in the Convention by allowing all the States to combine who had not united upon any one, when an advertisement was proposed. An effort was made to get an expression of opinion by ballot upon several candidates, the name of Chief Justice Chase being presented. The delegation however refused to take a vote and adjourned till to-morrow. Other delegations are awaiting the action of New York and Pennsylvania.

FIFTH DESPATCH.

The Postmaster General Starr has a letter written by Gen. Frank P. Blair to Col. Jaques, of Brookfield, in which he learns the question of presenting his (Blair's) name to the Convention with Broadhead. He first argues the case on Congressional plan of reconstruction cannot be defeated by Congressional action, and that continues as follows: "Regarding the means of overthrowing it, it can only be overthrown by the action of the Executive, who is sworn to maintain the Constitution, and who will fail to do his duty if he allows the Constitution to perish under a series of Congressional enactments which are in palpable violation of its fundamental principles. If the President elected by the Democratic party does not do his duty, he will be responsible to the country for the consequences. Under pretense of regulating the affairs of the rebellious States, Congress is trying to make a vassal of the American and European governments, and to delay all demands for their intervention. No treaty can be ratified, they say, save by the votes of the States lately in rebellion, and in so far as he can impose his views upon the mandarins who accompany him, and, with their aid, upon the Emperor. The war seems to be shared by the English, French and Russian Legations.

A disturbance occurred at Fredmen's Village, Virginia. It seems that Mr. Howard, Superintendent of the village, ordered the removal of the hog pens in the village, they being a nuisance, and after the order was given, and when the negroes, armed with razors and clubs, assisted and wounded two or three white men engaged in superintending the village. Among the wounded appears Eaglin, Time, Editor, and Mr. Howard—but the General in charge of the 4th regiment were arrested and confined in the Alexandria jail. A company of regulars is now camped at Freedmen's Village awaiting orders.

At Jerome Park, yesterday, the hurdle race was won by Eagle by a length, beating Blackbird second, and Gerald third. The betting and previous to the race was 100 to 60 on Eagle against the field. The race for all ages, over the three years mile was won by General Duke by two lengths, beating Hooper. Time, 1:57. The grand National stakes, three miles over the Jerome Park course, the winner taking down all the commencement or the third mile.

The National Labor Convention commenced its session in New York yesterday. Its ostensible object is to consider which candidate will be more advantageous for the workingmen to support. The platform will be adopted to-day.

THE CROPS.

Report of the Agricultural Department

PROSPECTS OF THE INCOMING CROPS

Special Dispatch to the Commercial.

WASHINGTON, D. C., July 2 1868.

Report of Agricultural Department

The following is so much of the June report of the Agricultural Department as relates to the growing wheat crop: An increase of acreage is observed in a greater or less degree in nearly every State. The Eastern States show no increase of fall sowing, except four per cent. in Vermont, but the enlarged area of spring crops, which are the main home reliance for bread supplies, is very marked in Maine and Vermont, the former showing a advance of twenty-six per cent., the latter of sixteen per cent. A very slight movement in this direction is shown by New Hampshire and Massachusetts. New York indicates five per cent. increase in fall sowings, with no change in spring wheat. New Jersey shows an increase of three per cent. of winter wheat. In Pennsylvania the acreage is very slightly enlarged—three per cent. for winter wheat. In Delaware a reduction of seven per cent. appears, while an increase of nine per cent. is shown in Maryland, eleven in Virginia; seventeen in North Carolina; twenty-one in South Carolina; eleven in Georgia; ten in Alabama; fifty-three in Mississippi; thirty-one in Arkansas; forty in Tennessee; thirty in West Virginia. In Texas a decrease is shown of six per cent., and in Kentucky of one per cent. Spring wheat is reported in the South. The increased acreage in the West, where the great bulk of the wheat crop of the country is grown, is of peculiar significance. Of the States in which winter wheat is most largely cultivated, Ohio presents an increase of five per cent., and Michigan seventeen per cent. In portions of those States the unusual effort has been made to enlarge the area by spring sowing, showing proportions of eighteen and six per cent. increase.

In the States which are mainly upon spring wheat, Illinois indicates an increase of one per cent., Wisconsin twenty-one per cent., Minnesota forty-one per cent., Iowa four per cent., Missouri four per cent., Kansas twenty-five per cent., Nebraska twenty-three per cent., California full average, and Oregon four per cent. in breadth of spring sowing, respectively. An average increase is shown for the Territories, an increase of fifty per cent. in Dakota, and a reduction in the area of spring sowing in Utah, Nevada, Idaho and New Mexico. The reports of correspondents, in many instances, indicate an increase in the variety of tenacious per cent. Wisconsin four per cent., Minnesota twenty-three

It is reported that the Supreme Court of Pennsylvania, Chief Justice Thompson presiding, yesterday decided the Registry Law, passed at the last session of the Legislature, to be unconstitutional, Judges Read and Agnew dissenting. The Court also declared the act authorizing deputies to be unconstitutional.

For a hot day our New York special dispatches are excellent reading. Like a true artist our correspondent gives a tasteful sketch of matters as they are. Jones Monument appears to be about the biggest row there is in the public. At the present writing Pacificators seem to be rather afloat,—though where the next dispatch will leave him there is no certainty.

We are glad to hear that there is some prospect of a genuine effort being made to get a funding bill through Congress before its prorogument. There may be difficulties presented by the question which we do not understand, but be they great or small, we submit it is the duty of Congress to address itself to the subject and dispose of it, and that, too, not by postponing it. We are certain that not many representatives will care to go home without having made the trial.

The report that Gen. Rousseau will preside at the side-show of the Democratic Convention, called the Soldiers and Sailors' Convention—an affair that will be made up largely of sutlers and those months men—we are persuaded is without foundation in truth. Only a short time since the General attended a Republican meeting in California and spoke for the cause. When he appears anywhere in behalf of Copperheadism we shall believe the report—not before.

The Republican primary elections in Armstrong county resulted as follows, on the Congressional question: For Darsie Pierce, 1,030; Dorris Bullock, 695; Thomas Williams, 795; E. McKinney, 39. Mr. Pierce was authorized to name his conferees, and chose Hutchison Knox, Thomas B. Stowe and Col. F. Townsend. The Conferees will meet in Freeport on next Monday, the 6th inst., for the purpose of deciding who shall represent the Twenty-Third District during the next Congressional term.

The New York World, the central Democratic organ, does not seem to relish the idea of taxing bonds. Its language is as follows: "If the Government can with "hold ten per cent. on the interest it has "promised to pay, it may withhold twenty "per cent., or fifty per cent., or even the "whole of it, under the name of a tax." The Chicago Times, another leading Democratic organ, declares that "the taxing "process, being an arbitrary infliction of "interest on all outstanding bonds, would "be repudiation in the sense of depreciating the market value of United States "securities." The Cincinnati Enquirer, the home organ of Mr. Pendleton, turns back on the proposition, and stigmatizes it as "an electioneering trick."

When a man who has his notes out, not yet due, and they amount in all to a considerable part of his fortune, begins to appreciate how or when he will pay, his creditors have a right to suspect that he may not be entirely honest, or perhaps is insolvent. Should he, however, steadily "strive and work" at his obligations—"live and earn"—if no obligations will be left unpaid, and certainly will be satisfied with nothing less. As to the five-twenty bonds, we are in favor of paying them according to the "letter and spirit" of the agreement. Henceforth the policy of the Republican party is to close the gap between greenbacks and gold, whereby any question whether the payment shall be in the one or the other will disappear. The Pittsburgh Post doctrine is to widen the gap by adding the paper money still in circulation, which utterly reduces the value of greenbacks, and puts money in circulation.

THE POSTOFFICE.

In yesterday's paper we took exception to the part of report of the Supervising Architect of the Treasury Department, which he asserts that the Postoffice is "in "capable of being remodelled." We thought the statement unwise, and in this we are sustained by J. W. Kerr, Esq., Architect, who professes the pleasure of superintending the work, and who has a commendation of the matter. This letter will be found in another column. There can be no question of the fact that the whole interior of the building can be changed, and makes good in point of convenience to those of more recent erection in several of our Western cities. The heating and ventilation were regarded at the time as perfect, and as to the advantage of light, if such exists, it is owing to the proximity of the walls of other buildings to the rear. The light, however, can be increased and rendered sufficient, by opening windows and doors in the rear walls. The apparatus for heating and ventilating is still considered excellent, but it was suffered to go into disuse, some years ago, for want of proper attention, and finally abandoned altogether. It was put in at a cost of $6,700. Thereafter one of our build-

ing was $30,977 76. This included the amount expended in fitting up the rooms for the Postoffice, which was an afterthought, as the building was originally intended for a Custom House and Bonded Warehouse building, being erected about six years ago, it is not such a one as would be constructed at this day, for Post office purposes; but what we commend for it, and it is too valuable a property to be sacrificed, and that it can be modified to suit our wants. Practical builders here support this view, and differ in toto with the Government Architect in what he has stated on this subject. This fact is important, and strengthens the suggestion that the Congressional Committee, to whom the report has been referred, should carefully ascertain the facts before taking final action.

WHAT WILL CONGRESS DO?

The question is more especially addressed to the Republicans in Congress. We address those it to them with express reference to the Monstrous Tariff Bill, which will be acted on in the next few days. And in this connection we wish to reinforce with our indorsement the following by the Philadelphia Press:

It is unnecessary, at one late day, to argue in favor of the policy of protecting our home industry. The men who are responsible for the action of the Representatives from the several districts in this State, made from the Committee of Conference on the Revenue, in the closest manner of the position and necessity of such protection in their most pointed terms, and we need not here repeat it. The fact is the case is before our people. By the large majorities in the previous State and congressional elections, they indicated their desire that the policy of protection should be continued. They cannot justify delay on the ground of not knowing it upon the free trade or revenue issue. Especially cannot they do it in view of the millions of dollars in the shape of Government bonds which are being absorbed by the people. By the large influence

FROM LONG'S & CO., P'S.

Annual Commencement of St. Francis Xavier Academy, Long-run Summer Session—Distribution of Prizes, &c.

Special Correspondence of Pittsburgh Commercial.

Loretto, Cambria Co., Pa., June 29, 1868.

This academical village is pretty much taken up this week, apparently, in commemoration of the annual exhibitions of St. Francis Xavier Academy, under the charge of the Sisters of Charity, and are the annual requirements of St. Francis College, under the supervision of the clergy of the Franciscan Brothers. Most extensive preparations have for a long time been in progress for these occasions. The institutions are located prominently in the centre of the Alleghenies, and in the midst of a Catholic community, are noted among their pupils as a luxury from Pittsburgh, and a few from every State in the country. The exercises at St. Francis academy were attended by the Right Rev. Bishop Domenec, many of the priests of the Diocese of Pittsburgh, and five hundred friends and patrons of the institutions from abroad. The exercises which were composed of vocal and instrumental music, original essays, narrations, dialogues, declamations, etc., commence shortly after two o'clock in the forenoon hall, situated in the Academy. The hall is capacious, to be sure, but it was a matter of young ladies from the Academy proper, crowded the hall to the doors, and the audience was a large one. The following is the programme of exercises:

Selections by pupils, band, and vocal music, Overture Rose, D'Arbell, Schmitt, Rossini, Hugh, Jerome, Harris, Lauterbach, &c. An original drama entitled "Ben Franklin in the Court of France," was read by Miss E. Rochester, was the most interesting piece of the occasion. The drama was produced in three brilliant acts, arranged for the occasion, and was rendered in a manner which elicited enthusiastic applause from the audience. The characters were sustained by Misses E. Rochester, Hayes, Hall, Schumacher, Wingard, Carr, Alice Adams, and Mary Scribner. The reading of this piece was pronounced faultless in all respects. The valedictory was read by Miss E. Carr, and was also well received.

The Bishop then addressed the young ladies in a highly appropriate manner. He alluded in terms to the late consecration of St. Xavier's Academy, which took place in Cincinnati, and of the connection of the institution with St. Xavier's, located in the city, and the good effects of the connection. The Right Reverend gentleman after the conclusion of his remarks proceeded to the distribution of premiums, among which were the following:

Premiums in the Senior, Intermediate, Junior, Preparatory and Minim Departments, after the conclusion of the examinations, which took place in the month of June, and which were conducted by the Rev. Fathers of the Institution with the assistance of the Sisters of Charity.
